

Press Release**SORIN AND CYBERONICS ANNOUNCE INTENT TO VIGOROUSLY CONTEST
CLAIM BY ITALIAN STATE'S ATTORNEY
SEEKING TO ENJOIN THE PROPOSED COMBINATION OF THE COMPANIES**

Milan, Italy and Houston, TX, July 27, 2015 – Sorin S.p.A., (MTA; Reuters Code: SORN.MI “Sorin”), a global medical device company and a leader in the treatment of cardiovascular diseases, and Cyberonics, Inc. (NASDAQ: CYBX, “Cyberonics”), a medical device company with core expertise in neuromodulation, today announced Sorin’s intent to vigorously contest a claim by the state’s attorney of Milan (*Avvocato dello Stato di Milano* or the “Italian State’s Attorney”) seeking to enjoin the previously announced combination of Sorin and Cyberonics. The claim (made pursuant to Article 2503, Ilc. of the Italian Civil Code) was filed with the Civil Court of Milan on behalf of the Italian Ministry of the Environment and other Italian public authorities, and received by Sorin on July 24th, 2015.

Sorin and Cyberonics announced on February 26, 2015 that the boards of directors of both companies unanimously approved a combination of the companies (the “Transaction”) under a newly formed holding company, LivaNova PLC, previously Sand HoldCo PLC (“LivaNova” or “HoldCo”). LivaNova is organized under the laws of England and Wales. The Transaction, which remains subject to approval by Cyberonics shareholders, was overwhelmingly approved by Sorin shareholders on May 26, 2015.

The Italian State’s Attorney alleges in the claim that the Transaction is intended to insulate Sorin from potential liability related to pending environmental litigation against Sorin’s previous parent, SNIA S.p.A.. After reviewing the allegation, Sorin and Cyberonics believe the Italian State’s Attorney fundamentally misunderstands and misconstrues the structure and goals of the Transaction, as well as Italian and European laws and regulations governing these types of transactions. Sorin and Cyberonics believe that the allegations by the Italian State’s Attorney are without merit, and Sorin intends to contest them in the Civil Court of Milan.

“We will vigorously contest this claim and seek expedited hearings for this purpose. In the meantime, our two companies’ integration plans are progressing well and will continue. At this point, the effect of the Italian State’s Attorney’s claim on the timing of the closing of the Transaction is unclear, however we will continue to progress towards our scheduled closing and keep both external and internal stakeholders informed of developments,” said André-Michel Ballester, Sorin’s Chief Executive Officer and designated Chief Executive Officer of LivaNova.

The Transaction will create a new premier global medical technology company. LivaNova will have a strategic presence in over 100 countries on five continents around the world, with approximately 4,500 employees.
